Energy Sector

1. *June 3, Northwest Arkansas Democrat Gazette* – (Arkansas) **Natural gas line ruptures in river near LR airport.** Spectra Energy Corp., officials reported June 2 that a section of the 24-inch natural gas pipeline in the Arkansas River between Little Rock and North Little Rock ruptured between May 31 – June 1 and released about 3.9 million cubic feet of natural gas. The gas reportedly dissipated from the river immediately, and authorities closed a 2-mile section of the river to determine the cause of the leak.
